Bylaws Committee Packet Letter  
May 2019

It is the responsibility of the Bylaws Committee to review the current bylaws of the National Society and submit proposed amendments to the Executive Committee for review and consideration.

The bylaws were completely revised in 2012. Several amendments have been adopted since that time. The most current version of the bylaws is available on the NSDCW website.

If you have suggestions for amendments, please send those proposals to me at [jgbarnes1546@gmail.com](mailto:jgbarnes1546@gmail.com).
