The American Heroes Project was conceived as a means for the Daughters of Colonial Wars to celebrate and recognize our American Heroes – Active Duty Military men and women, Veterans of Military Service, Police, Firefighters, and First Responders – and to assist them through benevolent projects and giving whenever possible.

There are some *exciting projects* in the works that will be announced at our 2017 Annual Assembly. In the meantime, please report to this Chairman no later than March 1, 2017 any projects or activities that your State Society participated in to benefit our American Heroes during the past year.

Examples of this would include (but not be limited to):

- Donations of Cash or merchandise
- Volunteer hours
- Hosting or planning programs or events that honor or recognize American Heroes
- Speaking engagements that raise public awareness of the many contributions our American Heroes make – and have made - to our country throughout our history.
- School programs or activities initiated by your Society to educate our youth about the importance and significance of our American Heroes.

Please note that my email address was inadvertently published incorrectly in our directory. The correct email is listed above.
